Qualifying round:

Within the qualifying round there will be an overall ranking, which is the result of the best drives from all participants. The best drive within a so called „Set“ will be determined as follows: the best drive of maximum 8 attempts within a time period of three minutes, which lands in a fixed grid (begins at 175 yards).

There will be a cut and the best 40 players (men) qualify for the main round), respectively the best 8 players (women) qualify for the quarterfinal. There will not be played a main round within the women's competition.

Main round:

In the main round the remaining players compete within groups (five players per group) against each other. There will be 8 groups in the main round of the men's competition. The two best players of each group qualify for the round of the last sixteen.

K-O. round:

The round of the last sixteen, the quarterfinals, the semifinals as well as the finals will be played in matchplay: man against man, woman against woman.

There will be no separate match for third place. The third and fourth place will be determined by the results of the semifinals.

Other:

Even in the qualifying round the ranking position is significant for the main round. In accordance with the result, the groups will be classified (see example below – top 40).

For the women's competition the ranking position is also significant for the quarterfinal (No. 1 vs. No. 8, No. 2 vs. No. 7, No. 3 vs. No. 6, No. 4 vs. No. 5).

Example men:

Group 1	Group 2	Group 3	Group 4	Group 5	Group 6	Group 7	Group 8
1	2	3	4	5	6	7	8
16	15	14	13	12	11	10	9
24	23	22	21	20	19	18	17
32	31	30	29	28	27	26	25
Wild Card	39	38	37	36	35	34	33

The numbers represent the ranking position in the qualifying round and form the basis for the classification in the main round and in the K.-O. rounds.
